

THE RIGHT FOUNDATION FOR GROWTH

IN 1983 MARK AND JILL HEMINGTON PLANTED THE SEEDS FOR THEIR LANDSCAPE CONTRACTING BUSINESS WITH A SMALL BUT DEDICATED CREW.

Today, Hemington has grown to be one of the region's largest landscape contractors, with a staff of over 100 employees. Our 10-acre facility in Cameron Park features an on-site nursery where we cultivate a variety of plants most commonly used in the area's landscapes.

*Mark Hemington,
B.S. in Ornamental Horticulture,
Cal Poly San Luis Obispo*

*Mark's knowledge of plants
begins at the roots. His technical
training and on-the-job experience
brings added value to every
landscape we install.*

*"When you call Hemington,
you always get personal attention."*

A NURTURING ENVIRONMENT

Hemington has enjoyed consistent employment. Many of our staff and supervisors have grown with us over the years. As their technical and management skills have increased, so has our ability to take on larger and more complex projects.

WE'VE GROWN BY:

- 🌱 Paying careful attention to details
- 🌱 Valuing our clients
- 🌱 Staying focused on personal service
- 🌱 Providing a supportive work environment

"We bring a practical approach to every landscape project."
